

Hand Hygiene Solutions

A complete system of advanced sanitizers, soaps and dispensers.

Always
at your
fingertips

Spectrum™ always makes it easy to stay in compliance

The secret to improving hand hygiene compliance? Keeping caregivers' hands feeling clean, soft and smooth. Frequent use of low-quality cleansers can dry and irritate skin, leading caregivers to practice hand hygiene less often.

Alcohol-based and infused with emollients, Spectrum sanitizers are tested and approved to kill germs as they nourish and boost skin moisture. The result? Caregivers love how their hands feel all day, helping them perform hand hygiene more often.

Why choose Spectrum products?

Always ready
Hassle-free
installation

Always at your fingertips
Wherever hand hygiene
is needed

Always disinfecting*
Kills 99.99% of germs

Always hydrating
Moisturizing formulas

Always educating
Engages your staff
and patients

*This claim only applies to sanitizers

Always ready: Diamond Installation Program

We understand that updating your facility's hand hygiene program can be overwhelming. That's why we developed our Diamond Installation program—where we manage every conversion detail – from planning and delivery to installation and training.

Our experienced technicians manage hand hygiene installations nationwide. With their expertise and our program support, we ensure your needs are met—and expectations exceeded—at every step. To ensure a smooth installation, our program is backed by our Minimal Disruption Guarantee—all free of charge.

Customized to your needs

Discovery

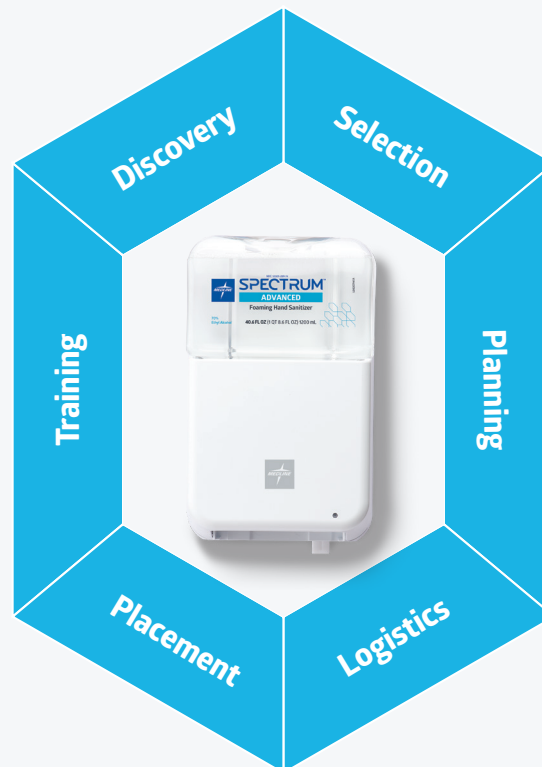

We'll conduct thorough Q&A sessions to help us understand your needs and pain points.

Training

Based on your facility's needs, we'll customize an in-service training schedule for our products and dispensers.

Placement

We can help optimize your workflow, identifying the ideal locations for products and dispensers to increase hand hygiene compliance.

Selection

We'll explore product and dispenser options and determine the ideal mix to meet your needs.

Planning

Together, we'll customize a plan that ensures your goals and objectives are met.

Logistics

We'll detail product quantities and outline where and when they will be delivered.

We manage every step of the way

Coordinate

We collaborate on all execution stages and monitor product delivery

Communicate

We keep you up-to-date on all need-to-know information

Remove

Current dispensers are removed with care to avoid damage and costs

Install

Smooth installation of new product without disrupting staff workflow

Always at your fingertips: Spectrum Pro Dispensing System

We thoughtfully designed our Spectrum Pro dispensing system to be the cornerstone of your hand hygiene program. It offers the features, dependability and simplicity you need to ensure that clean, hydrated hands are always at your fingertips.

⚡ Long battery life
Keeps the dispenser pumping for a longer period of time

💧 Visible fill levels
Indicates when to change out refills

📢 Quiet Drive +
The quietest pumping system yet, dispensing product at only 52.5 decibels

☁ Improved product output
Dispenses enhanced “cloud-like” foam

⚙ Maintenance mode
Doesn't trigger while it's being worked on

💧 Multi-dose settings
Adjusting the dosage is as easy as 1, 2, 3

👏 Touch-free or manual
Options to fit your organization's preferences and needs

💡 Clean-tip technology
Self-cleaning function to reduce clogging

Dispenser ordering information

Take hand hygiene to the next level

Elevate your organization's hand hygiene and infection prevention efforts with these comprehensive offerings.

Infection Prevention Solution

From leaders to frontline workers, stopping the spread of infection is everyone's responsibility. But everyone may not always have the right information or products to consistently prevent healthcare acquired infections (HAIs). We offer educational resources coupled with the right system of products to help create a culture of shared accountability for preventing and reducing infections.

Product Selector

Everyone knows that for hand hygiene to be most effective, everyone needs to be compliant. But getting full compliance can be a challenge. One of the best ways to do this is to have the right mix of products tailored to your facility's specific needs. This simple assessment is designed to recommend the right hand hygiene products based on your organization's preferences and goals.

Loyalty Program

Looking to make your hand hygiene budget work as hard you do? Our Loyalty Program can help. Every time you purchase Spectrum products you'll receive award points that can be redeemed for all sorts of hand hygiene essentials, including sanitizers, soaps, stands and even full dispenser upgrades depending on your commitment and usage levels for Spectrum products.
