

Hand Hygiene Conversion Program

Comprehensive products and planning for a seamless change.

**Convert
with
confidence**

For us, it's science. For you, it's simple.

Change can be challenging—even when it's a change for the better. That's why we've made our hand hygiene conversion program quick, seamless and simple.

Our technicians manage installations nationwide and are consistently working with facilities to provide smooth and quick hand hygiene transitions. With their expertise and our program support, you can be confident that your hand hygiene conversion will be easy, accurate and hassle-free.

Project management—dedicated resources deliver a smooth implementation.

Support—local sales engagement ensures rapid response.

Logistics—our experienced team and full-coverage logistics network meet your needs quickly.

Staff education—we provide customizable awareness and education materials for staff.

Satisfaction guarantee—your seamless transition is our promise.

**Minimal
Disruption
Guarantee**

Diamond Installation—a cut above

When best practice installation methods are tailored to your unique needs, you get a hand hygiene conversion experience that's second to none. Our Diamond Installation program ensures that your needs are met—and expectations exceeded—at every step of the process.

Program customization

Discovery

We'll conduct thorough Q&A sessions to help us understand your needs and pain points.

Training

Based on your facility's needs, we'll customize an in-service training schedule for our products and dispensers.

Placement

We can help optimize your workflow, identifying the ideal locations for products and dispensers to increase hand hygiene compliance.

Selection

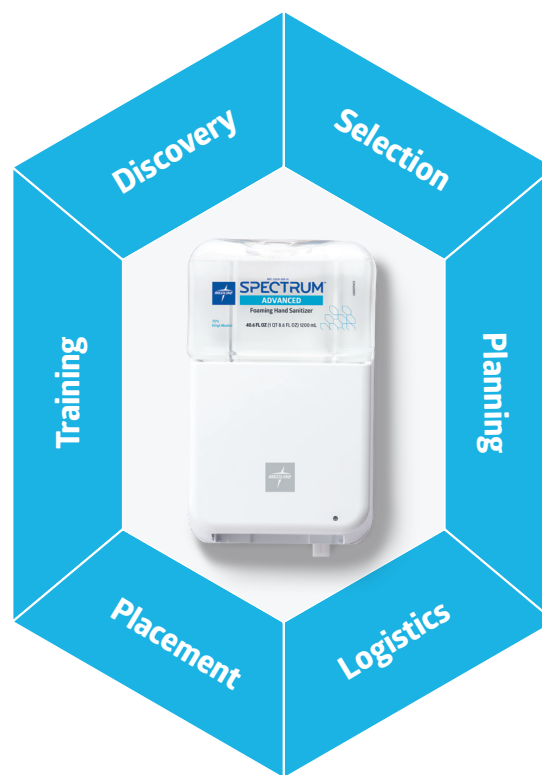

We'll explore product and dispenser options and determine the ideal mix to meet your needs.

Planning

Together, we'll customize a plan that ensures your goals and objectives are met.

Logistics

We'll detail product quantities and outline where and when they will be delivered.

Hassle-free installation

Coordinate

We collaborate on all execution stages and monitor product delivery.

Communicate

We keep you up to date on all critical details and delivery dates

Remove

Current dispensers removed with care to avoid damage and costs.

Install

Smooth installation of new product, without disrupting staff workflow.

Spectrum™ Pro Dispensing System

We thoughtfully designed our Spectrum Pro dispensing system to be the cornerstone of your hand hygiene program. It offers the features, dependability and simplicity you need to ensure that clean, hydrated hands are always at your fingertips.

Long battery life
Keeps the dispenser pumping for a longer period of time

Maintenance mode
Doesn't trigger while it's being worked on

Visible fill levels
Indicates when to change out refills

Multi-dose settings
Adjusting the dosage is as easy as 1, 2, 3

Quiet Drive +
The quietest pumping system yet, dispensing product at only 52.5 decibels

Touch-free or manual
Options to fit your organization's preferences and needs

Improved product output
Dispenses enhanced "cloud-like" foam

Clean-tip technology
Self-cleaning function to reduce clogging

Dispenser ordering information

Standardize and simplify your hand hygiene program. Our Spectrum Pro dispenser works with all Spectrum hand hygiene formulas—soap or sanitizer. Available in wall-mounted or free-standing options.
